SUMMARY

Motivated Civil Engineering student with practical experience in AutoCAD drafting, BOQ preparation, quantity estimation, site supervision, and residential planning. Passionate about construction technology and committed to delivering accurate engineering solutions while continuously expanding technical expertise.

SKILLS

Civil Engineering

- BOQ Preparation
- Quantity Surveying
- Estimation & Costing
- Site Supervision
- Material Estimation
- Construction Planning
- Site Measurements

Software

- AutoCAD
- SketchUp
- D5 Render
- MS Excel
- MS Word
- PowerPoint
- GitHub

EDUCATION

B.Tech in Civil Engineering 2026-2030
Dr. D. Y. Patil Institute of Technology, Pimpri
CGPA: _____ (Pursuing)

CERTIFICATION

AutoCAD 2D
Learn Delta | Grade A | September 2025

Mastering Concrete & Quantity Calculations
Simplified Academy | January 2026

EXPERIENCE

Site Engineering Intern at A.S. Construction October 2025 – February 2026

- Prepared Bills of Quantities (BOQs) for residential project.
- Prepared accurate 2D floor plans and technical drawings using AutoCAD.
- Assisted in site supervision and monitored construction activities.
- Performed quantity estimation and material calculations.
- Conducted site measurements and assisted in centerline marking.
- Participated in client meetings and project discussions.
- Produced architectural presentations and 3D visualizations using SketchUp and D5 Render.
- Assisted in construction planning and project documentation.

PROJECTS

Shaikh Infrastructure Portfolio Website

- Designed and developed a responsive engineering portfolio using Next.js, React, TypeScript, and Tailwind CSS.
- Deployed the website with a focus on performance, SEO, and modern UI/UX.

Residential Floor Plans

- Prepared multiple residential floor plans using AutoCAD following construction standards.

Residential 3D Elevation & Rendering

- Created realistic architectural visualizations using SketchUp and D5 Render.

BOQ & Quantity Estimation Practice

- Prepared BOQs, quantity calculations, and material estimation sheets for residential construction projects.

ACHIEVEMENTS & STRENGTHS

- Fast Learner • Detail-Oriented • Problem Solver
- Strong Communication • Team Collaboration • Adaptability
- Passion for Civil Engineering & Continuous Learning

LANGUAGES

English — Professional Working
Hindi — Native/Bilingual
Arabic — Basic Working Proficiency
